PROFILE SUMMARY

I'm a hard working student with 2 years of work experience. I started working at 15 and have worked at two restaurants and one cafe, where i gained experience in food preparation, cooking, making drinks, customer service, and working in fast paced environments. I'm very dependable, organized, quick to learn and great at working with the team! Having lived in different places around the world has helped me become very open minded and comfortable meeting people from different backgrounds.
